

Rainbow Flying Fish

Materials

Paper : any kind of paper works: printing paper, cardboard, magazine, newspaper, one for your drawings, old paper scraps, etc. Pick your favorite or what you have around the house!

A pair of scissors

Crayons or colored pencils or pens

Tape (optional)

How-to

1. Draw fish scales on a sheet of paper.
2. With the scissors cut paper strips of about 8 '' X 1 '' or 20 cm X 2 cm. It doesn't need to be perfect!
3. About half an inch (a bit over a 1 cm) from the top of the strip cut a notch to about half of the width of the strip.
4. Bend the strip of paper and fit the opposite end of the paper through the notch.
5. Make plenty! Then throw your paper fish in the air and watch them spin as they come down.
